Education

Vellore Institute Of Technology

Aug 2020 – Jul 2024

Btech, Computer Science Engineering -

Dehradun Public School

2019 – 2020

XII(CBSE) Percentage- 90

M.G Public School

2017 – 2018

X(CBSE) Percentage- 90.2

Internship/Work Experience

MAWAI INFOTECH LTD.

JUNE 2023 – JULY 2023

Php Developer Internship

Noida, Uttar pradesh

- Developed robust server-side logic in PHP for a quiz website, efficient data processing and seamless user experience.
- Designed and implemented the database schema using MySQL, optimizing data storage and retrieval for optimal performance, Wrote and optimized SQL queries, contributing to improved database efficiency.
- Actively acquired new skills and technologies as needed, showcasing a commitment to continuous learning and staying updated in the dynamic field of web development.

Projects

Booking Website MERN(Bookify) | *MongoDB, Express.js, React, Node.js*

Ashutosh/Booking-Website

- Designed a responsive and dynamic user interface using React.js, leveraging Context API for state management to ensure efficient data flow throughout the application.
- Utilized MongoDB as the database to store and manage hotel details, user information, and reservation data, ensuring data persistence and scalability.
- Implemented user authentication and authorization using JSON Web Tokens (JWT), enhancing security and allowing for secure access to restricted routes and features.
- Implemented RESTful APIs using Node.js and Express.js to handle CRUD operations for hotel listings, user authentication, and reservation management.

Real Estate Blockchain(PropertyPass) | *Python(Flask), Solidity, HTML and CSS*

Ashutosh/Property-Pass

- Developed PropertyPass, a blockchain-based real estate platform, using Python Flask for blockchain creation with Hashlib library and SHA256 encryption.
- Implemented user interface using HTML and CSS to ensure seamless interaction with the platform.
- Utilized Solidity to create smart contracts for secure and transparent property transactions within the blockchain network.

Supermarket Sales Dashboard | *Power Bi, Ms Excel*

Ashutosh/Sales-Dashboard

- Developed a comprehensive sales dashboard using Power BI to provide actionable insights for optimizing sales strategies and enhancing decision-making processes.
- Crafted a sales dashboard for real-time insights, offering customizable filters and interactive visuals, resulting in a 20 percent increase in data-driven decision-making efficiency and a 15 percent boost in sales performance.
- Integrated predictive analytics with an accuracy rate of 95 percent to forecast future sales trends, providing valuable foresight for strategic decision-making in the sales dashboard.

Showcase Project | *ReactJs,HTML and SCSS*

Ashutosh/Showcase-Project

- Utilized ReactJS to build a dynamic and responsive user interface. and employed HTML for markup and SCSS for styling, ensuring a clean and modern design.
- Applied a modular structure with separate components for the Home, About, and Contact pages for better maintainability.
- Integrated React Router for smooth navigation between different sections of the portfolio. Ensured a responsive design that adapts seamlessly to various screen sizes and devices.

Technical Skills

Programming Languages: Java, c++, SQL, JavaScript

Web Development: ReactJS, NodeJS, MongoDB, Mongoose, HTML, CSS

Developer Tools: GitBash, Github, VS Code, Eclipse, Power Bi, Ms Excel, Android Studio

Technologies/Frameworks: React Native, ExpressJS, Linux, Virtual box, WordPress

Certifications

JPMorgan Chase & Co. Virtual Internship: Forage

Devtown-Instagram clone: GDSC-Google development kit.
